Thought Provoking...

5 MONDAY AT 8:30PM
Cities and states across the South have been grappling with questions over monuments to the Confederacy for years. When a vote to remove a set of statues in New Orleans was halted by death threats, filmmaker CJ Hunt set out to understand the history of the monuments, the mythology of "The Lost Cause" which became embedded in Southern culture, and why it still has so much power today.

SUNDAY DRAMAS

PREMIERING JULY 11

***Unforgotten* Season 4**

Professor T

In the most dramatic season of *Unforgotten* yet, Cassie and Sunny investigate a cold case with alarming links to the police force. Can the force ever really be trusted, and will Cassie and Sunny find themselves on the wrong side of the law? Then, Professor Jasper Tempest (Professor T) is obsessed with cleanliness, structure and order. But his genius for solving crimes means he constantly has to get his hands dirty, helping the police to crack their most difficult cases. An English version of the Dutch drama.

CHASING THE MOON

MONDAYS, JULY 12, 19 & 26 AT 9:00PM

Alabama features prominently in the story of America's race to the moon and this AMERICAN EXPERIENCE series was the centerpiece of our 50th anniversary celebration of Apollo 11 in 2019. The film presents the events of the time as they happened, through news reports and interviews of those involved, to put viewers right in the middle of the action. It's well worth a look as we celebrate another anniversary.
